UFV Indigenous Student Centre

@iscufv

We know that not all our students will have a chance to sit down with our Elders and Knowledge Keepers when they are on campus.

---

That's why we sat down with Elder Gary Williams and asked if he had any words of wisdom for our UFV Indigenous Students.

Gary would like to remind people that it is important to know where we come from, and where our elders have come from and what they have experienced. There are not many people left to share their knowledge or those that are still here feel shame about their experiences, so it is integral for us to seek out and listen to those who are able to share.
