This means everything you need to use your benefits plan is now conveniently available through your mobile device.

If you haven't already, download Group Benefits Mobile from your favourite app store today.

Some of the features already available through the app include:

- ability to submit claims;
- access to explanation of benefits statements and claims payment details;
- ability to view important messages from Manulife and your employer;
- access to information and resources related to your drug coverage through *My drug plan*.

The digital card is available in the drop-down menu on the app.
