

# CONVOCATION 2020 & 2021 PROGRAM

## STUDENT RECOGNITION

### Graduated with Distinction (\*)

Graduated with Distinction recognizes those university students who have maintained a high academic standard throughout their course of studies. To be eligible, a student must:

- (a) have completed all the program graduation requirements with a minimum grade point average of 3.67 based on the credits earned while in a certificate, diploma, or degree program with a minimum semester GPA of 3.50 in the most recent semester in which at least one graded course was completed; or
- (b) have completed an entry-level Trades program and have an average of 90% or better in all courses.

### Graduation Lists

This program was prepared with conditional graduate lists for ceremonial purposes before the ceremony dates. We apologize for any omissions.

In the event of a discrepancy between this program and the UFV graduation roll, the UFV graduation roll shall be taken as correct.

## *From the President*

Convocation is a special day, one of my favourite days in the academic year, and although Convocation this year, like so many occasions in our lives right now, must look different, it is very much a time to whole-heartedly celebrate your achievements.

You have persevered, adapted, and grown as circumstances have evolved. You have been resilient and reached this goal in your academic journey despite challenges and significant change. Congratulations!

UFV's coat of arms features the Halq'eméylem word IYAQAWTXW, which means "the House of Transformation". There is no doubt you have been transformed by world events, but also by the knowledge and the experience you have gained at UFV. I encourage you to reflect and see how this journey and these past months and years have forged a new strength in you — one you'll take into the next phase of your life.

UFV is united by a shared sense of pride in your achievement. We're proud of you and hope you are equally proud to be joining the community of UFV alumni.

The achievement of a university credential is seldom accomplished without the support of family, friends, parents, and partners. Today is a celebration for these important people in your life too, so please take time to thank and honour them for their role in your success.

Take confidence in the knowledge, skill, and experience you have gained at UFV and know your greatest success in life is yet to come. We hope you remember that education goes beyond classrooms and textbooks, and that life-long learning enables continued achievement and success, for you, for your family, and for society.

On behalf of everyone at the University, I wish you every success.  
Congratulations!

A handwritten signature in black ink that reads "Joanne MacLean".

DR. JOANNE C. MACLEAN  
President & Vice-Chancellor

## *From the Chancellor*

Thank you for joining UFV to celebrate the achievements of a remarkable and diverse group of graduates. In this difficult time, we are formally celebrating two graduating classes — 2020 and 2021 — from a wide variety of academic, applied, and professional programs.

I applaud your talent, your hard work, and your success. You have earned our respect by persevering to overcome particularly difficult challenges along the way and we are confident your acquired knowledge and adaptability will benefit you, your family, and your community in the years ahead.

I also know you have had unconditional support from family, friends, faculty, staff, and many others during your journey. Please take a moment and thank your support team and perhaps contemplate how you might “pay it forward” to others who may need your help.

UFV is fortunate to have many volunteers, community leaders, and benefactors who take on the work of building a strong educational community. The university is very grateful for this support from these close friends.

Thank you for sharing UFV’s belief that education is one of the best investments in our students and in our society.

Congratulations! We wish you all the best in your next chapter.

A handwritten signature in black ink that reads "Andy Sidhu". The signature is written in a cursive, flowing style.

## *From the Alumni Association*

Congratulations to the graduating class of 2020 and 2021!

Welcome to the UFV Alumni Association. We are excited for you to join our community of 46,000 change-makers.

Your time at UFV is a strong launching pad for the next phase of your life. Everything that is good comes with hard work, and that is certainly true here. Your UFV credential represents the work you put in: the classes, countless hours studying, the arduous exams, and all the extra-curricular involvements. They make up the foundation you have gained at UFV.

As you go out from here, I encourage you to go boldly. Your time at UFV will launch you towards your dreams and a story that has yet to be written.

I invite you to stay connected with the UFV Alumni Association. We offer opportunities for involvement and many services and partners who can contribute to your future career development and your personal growth.

UFV is a place we are all proud of. And you are why we are proud. On behalf of the UFV Alumni Association Board of Directors, thank you for continually pushing the boundaries of learning, knowing, and becoming.

I can't wait to hear the stories of your next success!

DERRICK UITTENBOSCH  
Board Chair, UFV Alumni Association

OUR TRADITIONS

# *Traditions*

## *Stó:lō Territory*

*UFV strives to be a place of learning that recognizes, respects, and includes Indigenous ways of knowing. Our Fraser Valley campus locations are in the traditional territory of the Stó:lō people: S'olh Temexw.*

### THE TALKING STICK

The Talking Stick is a gift from the Stó:lō people to UFV, honouring all Indigenous people. The Talking Stick and Stó:lō drummers lead the academic procession into Convocation and the recession after the ceremony.

The figures on the Talking Stick are a wolf and a thunderbird. The wolf is symbolic of “the teacher” in Stó:lō territory, while the thunderbird represents the highest level of knowledge.

Most universities in the Commonwealth have a ceremonial mace, which accompanies the Convocation ceremonies. It is the staff of office, representing official authority (like the Speaker of the House of Commons).

UFV uses the Talking Stick rather than a mace for this purpose, thus bringing together a partnership between Indigenous and university traditions.

### THE DRUM

The UFV Ceremonial Drum was presented to UFV by the Stó:lō people in 1997. The drum is decorated with the symbol of a thunderbird.

Judge Steven Point, who was then the chiefs' representative of the Stó:lō Nation, presented the drum for use at Convocation and other ceremonies.

“It's with great pride that I present a symbol of our fraternity, camaraderie, and loyalty,” said Point at the presentation ceremony.

“We all spent nine months with our mothers, waiting to come in to the world, and we heard her heartbeat, and when we were born, we recognized our mothers by their heartbeat. When we make the sound of a drum it's a symbol of the heartbeat of our mother. It's a precious sound, it gathers people together, and we sing our songs.

“That's why we chose this symbol to present to you. We truly want to come together, and to have a good relationship with all of you. I hope and pray that it will always stand as a symbol of the affinity between our groups of people.”

OUR TRADITIONS

# *Traditions*

## ACADEMIC DRESS

Traditional academic regalia consists of a gown, hood, and a mortarboard or cap and tassel. The wearing of robes became common in the Middle Ages. In monasteries and universities of the time, scholars wore the same long closed gowns as other medieval men. By the time the University of Cambridge was founded in the early thirteenth century, doctors in law and music were permitted to wear gowns in scarlet, purple, and red. Over time, garments and colours came to identify their university. Regalia colours often matched those of the university patron, or the colours of the city in which the university was located.

At UFV, regalia uses the university's rich green colours. There are vee-stoles for diploma and certificate graduates, while bachelor's degree program graduates wear degree hoods. The coloured binding or trim on the edge of the degree hoods represents the faculty from which a student is graduating.

### UFV hood trim colours:

	White	Arts
	Light blue	Education
	Forest green	Professional Studies
	Silver	Health Sciences
	Pale green	Science
	Emerald green	Alumni Association (blue cord) Board of Governors (silver cord) Senate (gold cord)
	Pale green on a green hood	UFV Faculty and Administration
	The addition of red cord denotes a master's degree	

### Honorary degree hood colours:

	White velvet	Doctor of Letters
	Purple velvet	Doctor of Laws
	Orange velvet	Doctor of Technology

## THE CHANCELLOR'S MEDALLION

UFV's medallion is worn by the Chancellor for very special occasions. The radiant diamonds in the design symbolize future alumni spreading their knowledge. The BC jade in the centre reflects our region's rich farming and ecological roots. This hand-crafted 18kt white and yellow gold medallion was a gift to the university from Brian Lee of Abbotsford.

## THE UFV COAT OF ARMS

UFV's coat of arms (on the cover) features symbols of Stó:lō culture, local wildlife, and elements of the Fraser Valley landscape.

**UFV Motto: IYAQÁWTXW** — in Halq'eméylem, the language of the Stó:lō First Nations, it means house of transformation, symbolizing the transformation of character and intellect.

**Blue herons** — First Peoples' symbols of inquisitiveness, determination, and excellent judgement. Sighting a heron before a hunt indicated the hunt would be victorious. This parallels the search for knowledge at UFV.

**The sturgeon** — a symbol of abundance and a source of life that lives in the Fraser River (symbolized by the green and white undulating stripes). These represent UFV as a source of knowledge and vitality.

**The hummingbird** — representative of joy, resilience, agility, and the ability to travel great distances. These mirror UFV's mandate to provide lasting knowledge, the ability to respond to the community, endurance over time, and the transfer of knowledge to students for their journey.

HONORARY DEGREE RECIPIENT

*Andrée Cazabon*

DOCTOR OF LETTERS

---

Andrée Cazabon was seven years old living on the outskirts of Ottawa when her father put on the classic French Canadian animated short *The Hockey Sweater* on the 16mm film projector for her and other neighbourhood kids.

“I was sitting close to the projector and I was just fascinated that this story could literally come to life,” says Cazabon.

Almost four decades later, her passion for film has come full circle. Her work is nationally recognized for bringing much needed awareness and change to issues pertaining to the Indigenous community from the child welfare system to education reform. In the past 20 years, Cazabon’s films have been viewed over a million times on Canadian platforms and have won several national awards.

When Cazabon and her university-aged daughter moved to Vancouver Island at the start of the global pandemic, UFV president Joanne MacLean reached out to her, giving her proverbial flowers and awarding her with an honorary degree.

“What was very moving for me was learning that some of my earlier work on child welfare reforms was highlighted by some of the folks in UFV’s social work department and that my films are of help in their classroom,” Cazabon says.

In 2007, she made a personal and professional 10-year commitment to the reconciliation movement through education. Her 2018 film *Economic Reconciliation* focuses on Indigenous business leaders’ mission to eradicate the systemic economic setbacks that have resulted from Canada’s colonialism and how to move the country forward in a positive way.

Her company, Productions Cazabon, has launched with First Nations University of Canada Reconciliation Education, an online educational site that provides multi-media content aimed at helping classrooms and organizations meet the “94 Calls to Action” and promote a renewed relationship between Indigenous Peoples and Canadian Settlers.

HONORARY DEGREE RECIPIENT

*James Chamberlain*

DOCTOR OF LETTERS

---

When James Chamberlain was a youth attending school in Abbotsford, he didn't see himself reflected.

"School was difficult and a lonely place for me," he recalls. "I was targeted with homophobic bullying by my peers from about Grade 3 on."

Chamberlain publicly came out as gay when he was 25 in 1988.

"The LGBTQ+ population was not visible to me growing up," he recalls.

Once he became a teacher, he devoted more than two decades to making schools a safer, more welcoming place for LGBTQ+ students and teachers.

He is best known for the very long judicial journey he embarked on in 1997, when he (along with others) sued the Surrey School Board over its banning of books about same-sex families. The case eventually went to the Supreme Court of Canada, and was resolved in his favour in 2003, six years after it began.

While he is heartened by the many improvements in the school environment for LGBTQ+ youth and children, he also knows there is still work to be done.

"LGBTQ+ students and children of same-sex parents have a right to be safe in school and to see their realities positively reflected in the curriculum."

See his full convocation address here. <https://virtualgrad.marchingorder.com/ufv/336/i/>

HONORARY DEGREE RECIPIENT

*Lieutenant-General,  
the Honourable Roméo Dallaire*

DOCTOR OF LAWS

---

As a highly decorated veteran, courageous champion for mental health, and passionate advocate against exposing children to the horrors of war, Roméo Dallaire is an inspiration to multiple generations across the world.

Humanitarian, author, statesman and retired senator and general, Dallaire was cast into the public eye while Force Commander of the United Nations Assistance Mission — peacekeepers forced to bear witness to Rwanda’s genocide that took more than 800,000 lives in fewer than 100 days.

His experience led to crippling PTSD, attempted suicide and, ultimately, love — meeting and marrying his wife Marie-Claude Michaud in 2020.

Currently working on his fourth book, Dallaire says his honorary degree from UFV speaks as much to his message of peace and youth empowerment as it does his own accomplishments.

“The youth have got to become activists and push the generations ahead of them aside if need be ... to change and adapt to the current revolution of communications. They’ve got the tools now to be able to multiply their message so much more than we’ve ever had in the past,” he says.

“They have got to pull this revolution together. And that’s what I keep stressing is that all humans are human. Not one is more human than the others. They all count. So engage in making them all count.”

See his full convocation address here. <https://virtualgrad.marchingorder.com/ufv/336/i/>

HONORARY DEGREE RECIPIENT

*Cathy Press*

DOCTOR OF TECHNOLOGY

---

Some kids spend their days on the playgrounds or sports fields, but Cathy Press grew up in the sky. Her childhood memories in the Lower Mainland consist of her being in a floatplane, side by side with her father, a retired commercial pilot.

Those early aviation experiences shaped her transcendent career path. In over 30 years in the industry, Press has worn every possible hat. She was the first female helicopter instructor in Canada, a decorated pilot, and a massively successful entrepreneur, taking over her father's Chinook Helicopters business in Abbotsford in 1997.

For her achievements in the air and on solid ground, Press is receiving an honorary doctorate from the University of the Fraser Valley.

"It is clear that Cathy's endeavours exemplify the highest personal and professional standards as both a professional pilot and as a business leader," says Randy Kelley, Associate Dean of Applied and Technical Studies at UFV.

Chinook Helicopters has received the BC Aviation Council's Back and Bevington Air Safety Award. Press herself has earned global recognition. In 2019, she was named to the Women's Executive Network's Most Powerful Women in Canada top 100 list, as well as being one of three Canadians named to the Enterprising Women of the Year list by Enterprize Magazine.

Under Press's leadership, Chinook Helicopters has enjoyed consistent growth over the past two decades, including quadrupling the number of helicopters to 12 and adding 14 airplanes. The company's training school, which has been dubbed the "Harvard of Training Programs" has attracted students from across the world and is responsible for 25 percent of helicopter training in Canada for more than 10 years.

"I find myself asking 'what can I do to create change?'" Press says. "Because, at the end of the day, we're here to improve our community and our country. Those are the things that really drive me and are driving me for the next 10 years."

See her full convocation address here. <https://virtualgrad.marchingorder.com/ufv/336/i/>

### COLLEGE OF ARTS

#### *Owen Crocker (2020)*

Bachelor of Arts, Philosophy (Honours) major, Criminal Justice extended minor

Owen achieved an overall GPA of 4.14. He finished his undergraduate studies with a BA Honours degree in philosophy as well as an extended minor in Criminal Justice. Owen was the first student to complete the Philosophy Honours project at UFV, and his presentation to the Philosophy department set a very high bar. His work was accepted for publication in *Eonia*, an Undergraduate Philosophy journal published by UBC.

Owen thoroughly enjoyed his time at UFV, specifically due to the ability to interact directly with professors and the smaller class sizes that allowed for class discussions. According to Owen, the learning environment at UFV helped him achieve such a high GPA while also enjoying the academic process. One of his professors, Dr. Jeffrey Morgan, describes Owen as displaying intellectual humility, respectful engagement with opposing views, and deep thought in his work. Dr. Morgan adds that this respect for the virtues of academic engagement is highly compatible with UFV's learning outcomes, but even more, exemplifies the highest qualities of respect, integrity, and dignity.

Watch his speech on youtube here. <https://www.youtube.com/watch?v=ExXxOxzK4fQ>

### FACULTY OF APPLIED & TECHNICAL STUDIES

#### *Nicoline Bos (2020)*

Agriculture Technology diploma

Nicoline Bos was one of two student speakers for the Faculty of Applied and Technical Studies in 2020. Having grown up and worked on her family's farm, her love of the outdoors and farming lead her to UFV's Agriculture program. During her studies at UFV, she learned the theory behind agricultural practices witnessed on her family farm — including the principles of horticultural crop production, protection, and maintenance.

"UFV has taught me responsible agricultural production techniques that are in line with my experience on the farm, particularly sustainability, food security, and the stewardship of the environment," Nicoline notes.

During her time at UFV, she achieved Dean's list standing in the Fall of 2018, Fall and Winter of 2019, and Winter of 2020. She earned this high level of academic achievement while volunteering at the Pacific Agriculture Show and with the Ruth and Naomi Mission, where she prepared dinners for the homeless at a Chilliwack shelter.

*UFV departments nominate students to present the graduate address at each Convocation ceremony. It is an honour to be selected to represent the graduates of 2020-2021. We congratulate the following student speakers:*

## FACULTY OF APPLIED AND TECHNICAL STUDIES

### *Marcus Grymonpré (2020)* Diploma in Agriculture Technology

Marcus had already completed a degree in psychology from the University of Manitoba, his home province, when he discovered UFV's Agriculture program and decided to switch fields, quite literally, and move west.

During his time at UFV, Marcus assisted with research exploring complex agriculture problems including pest management, predicting future yield, and estimating crop loss. His work was used in the preparation of reports for the agriculture industry in British Columbia, Alberta, and internationally.

Marcus is a life-long learner who achieved Dean's list academic standing in 2018 and 2019 at UFV. In addition to his psychology degree, he has earned his Bachelor of Business Administration for Agriculture Management, a diploma of Agriculture Technology (Distinction), and several computer programming and agriculture certificates. He was even certified by Transport Canada to fly drones.

Marcus offers these words of encouragement to his fellow grads, "Take a moment to reflect on the ways you've grown and how far you have come as an individual. Thank those who've been by your side and helped you develop. Eat more vegetables and continue to be curious and enjoy the journey."

## FACULTY OF HEALTH SCIENCES

### *Amy Mueller (2020)* Bachelor of Science in Nursing

Amy Mueller launched her nursing career just as the COVID-19 pandemic hit. She started her career on the front lines of the crisis, working with Fraser Health and the Public Health Agency of Canada, helping with pandemic health screening.

"I've come to realize that some of my greatest learning opportunities have also been disguised as some of my greatest challenges. Being a newly graduated RN in the face of a pandemic has been no different."

Amy maintained a high GPA throughout the UFV Nursing program and was awarded the BSN Outstanding Achievement Award for her cohort upon graduation. She served as an elected class representative for several semesters and organized class events, holiday food hampers, and volunteer efforts at community health fairs.

During her time at UFV, Amy also travelled to Sierra, Leone where she worked in hospitals, rural communities, schools, and care centres helping provide public health care and education. She also raised funds and collected supplies that were donated to sites visited during this trip.

### FACULTY OF PROFESSIONAL STUDIES

#### *Tsandlia Van Ry (2020)*

Bachelor of Education

Not too many people can say that they've named a school before finishing their teacher training.

Tsandlia Van Ry can.

She and a small group of community members proposed the name Stitó:s Lá:lém Totí:lt ('place of crossing, house of learning' in Halq'eméylem) for the new elementary and middle school currently under construction in Chilliwack.

Tsandlia, now employed as an Indigenous Enhancement teacher for Chilliwack School District, was both student speaker for the Faculty of Professional Studies and winner of the Lieutenant Governor's medal in 2020. The criteria for the medal includes student involvement in promoting diversity, inclusion, and reconciliation.

She received both a Bachelor of Education (2020) and a Bachelor of Kinesiology (2018), but her connection to UFV goes back longer than that. When UFV had a childcare centre in the mid-1990s, she attended as a baby and toddler. UFV has been a part of her life from the very beginning.

**COLLEGE OF ARTS,  
FACULTY OF HUMANITIES**

*Belle Hernberg-Johnson (2021)*

Bachelor of Arts, Theatre major, History extended minor

Performing and passing on knowledge are two things that Belle Hernberg-Johnson is most passionate about.

As a Bachelor of Arts student studying theatre with an extended minor in history, Belle has developed into an exceptional artist (playwright, actor, songwriter, singer, piano player) and an advocate for social change. She has been an active member of the Theatre department, participating in Theatre Student Association while participating in several UFV plays including *Attempts on her Life*, *Thoroughly Modern Millie* and *Legally Blonde: The Musical*. Belle has also co-wrote and stage managed the devised theatre piece *Life Imitates Art*.

A natural at teaching, Belle has been a role model to her classmates in the Theatre department. She leverages her knowledge, ability to work with people and instincts to make ethical choices to help guide her peers — particularly during the COVID-19 pandemic. An advocate for physical and mental wellness, Belle is also a Certified Personal Trainer.

“My goal in life is to use any platform available to me to help other people learn and achieve their goals, whether that be physically, mentally, or emotionally; and to continue my own learning,” Belle says.

Belle has enrolled this fall to pursue her dream of becoming a teacher.

**COLLEGE OF ARTS,  
FACULTY OF SOCIAL SCIENCES**

*Paul Jakhu (2021)*

Bachelor of Arts, Sociology major

Paul Jakhu is a graduating student from the Social, Cultural and Media Studies department who’s won numerous research awards while addressing marginalization, oppression, and lived experience tied to incarceration and COVID-19.

Crafted from a variety of qualitative data collection and analysis methods as well as quantitative methods, Paul’s exceptional work has been presented at several academic conferences and was most recently submitted to the prestigious Canadian Journal of Sociology. An active contributor to the UFV community, Paul shared his award-winning research on prisoner’s families at UFV’s Student Research Day — building on previous successful presentations at Canadian and International conferences.

Paul has conducted more than 20 in-depth interviews connected to his research, spanning topics like the impact of robotic machinery on dairy farmers to men’s perception of rap music, women’s lived experience with make-up, and most recently, the lived experience of families with incarcerated loved ones during COVID-19.

Next up for Paul is a master’s degree in sociology at the University of Toronto.

### FACULTY OF APPLIED & TECHNICAL STUDIES

#### *Terisha Mitchell (2021)*

Bachelor of Integrated Studies with Agriculture focus, Geography minor

Terisha Mitchell's success serves as a reminder that not all students come to university straight from high school.

She was in her mid-30s when she decided she wanted to upgrade her education and provide an inspirational example for her three children.

She has gone to school alongside them for the past eight years, first for upgrading, then on to an agriculture certificate, then a diploma. Those credentials landed her a career with Agriculture Canada as an entomology research technician.

But all this education only fueled her desire to learn. She transformed again, pursuing a degree through upper-level courses in areas relating to the environment and food security.

"Terisha's journey reminds us of the power of UFV in our communities: as a place of access to build careers and one's sense of purpose, as a home for exploring one's passions, as an institution that shapes the next generation of leaders." notes Professor Michelle Rhodes.

"Honestly, university life was a combination of the messy and the triumphant, and I am grateful for all of it: the good, the bad, and the ugly. My sense of self, my confidence, and my awareness of the world have been dramatically, and positively improved in ways that I could not have imagined at the start of this journey," says Terisha.

### FACULTY OF HEALTH SCIENCES

#### *Monik Jaura (2021)*

Bachelor of Kinesiology, Exercise Science concentration

Monik Jaura is a Dean's List student who volunteers countless hours helping students and seniors alike. Having completed her BA in Kinesiology with a concentration in exercise science, Monik is entering a Master of Physiotherapy program hoping to specialize in women's health and pediatrics.

Monik's extraordinary personal and professional accomplishments directly align with the core values of UFV. Her integrity shone through her undergraduate thesis research related to the timely and sensitive effects of physical activity on the mental health of adolescents during COVID-19.

She played a key role within the UFV Exergames and Fast Club programs dedicated to children with fetal alcohol syndrome disorder. She also volunteered for the Mental Health Association Club and UFV Body Positive Club in addition to serving as captain of the UFV KIN Games team.

Monik cultivates a strong relationship with her community by volunteering with Fraser Health Residential Care to provide physical activity and mental health opportunities to seniors with various mental and physical disabilities in addition to working alongside the City of Surrey as a camp instructor to teach fundamentals of physical activities and sports to children and youth.

### FACULTY OF PROFESSIONAL STUDIES

#### *Philippa (Pip) Robertshaw (2021)*

Bachelor of Arts in Adult Education

Even during these challenging times, Pip Robertshaw has been a pillar of strength and positivity for her UFV peers.

During her time as a Bachelor of Arts student in the Adult Education (ADED) program, Pip displayed exceptional collaborative and leadership skills in her coursework and through volunteering, while maintaining outstanding academic standing (4.33 GPA). In her capstone research project, she analyzed the technical skill needs of students, including skill gaps and wish-list skills from both student and instructor perspectives. Her project concluded with recommendations for additions to the ADED Hub, an online resource centre created in response to the pandemic and aimed at supporting students in the online learning environment.

As a mother and immigrant to Canada who has overcome numerous challenges in her career and life, Pip reflects UFV's drive for equity, diversity, and inclusion. She has used her experience, skill, and knowledge in her dual role as a computer instructor and as an Adult Education student to support and mentor other students in digital literacy, communication, and creative skills as they completed their coursework.

Pip is a freelance Microsoft Office instructor.

### FACULTY OF SCIENCE

#### *Veronica Kobes (2021)*

Bachelor of Science, Biology major with pre-medicine/pre-veterinary concentration, Kinesiology minor

Veronica Kobes is the kind of student who you might call well rounded, but that doesn't do her justice. She's not just good at a variety of things: she excels at them.

She's graduating as a stellar Bachelor of Science student with a near-perfect 4.19 GPA and is headed for medical school at UBC. But she also excelled on the basketball court, playing as a key member of the UFV Cascades women's team. She was the top academic student-athlete for three years running.

As a standout student researcher who worked in Dean of Science Dr. Lucy Lee's lab, Veronica gained valuable experience developing laboratory techniques that included cell culturing and histological processes. She also participated in a biology research study tour to Iceland.

She plays and teaches the piano part-time, and is currently teaching herself to play the cello. She volunteers with her church as a member of the music leadership team, leading worship with the piano. Before the pandemic she volunteered at the Abbotsford Regional Hospital in the emergency department, as well as at various community events including the Abbotsford International Airshow, Agrifair, Jam in Jubilee outdoor concert series, and Canada Day celebrations.
