Welcome To University!

In preparation for camp, you will need to:

1) Bring a backpack or bag to camp, with your name clearly marked.
2) Pack sunscreen (SPF 30 or more). Apply sunscreen every morning before you come and reapply throughout the day.
3) Wear comfortable clothes and bring some extra clothing.
   You may be involved in some activities that will make you dirty or wet.
4) Bring Kleenex in case you have a runny nose. It is allergy season after all!
5) Wear running shoes that will not leave any marks on the gym floor. Sandals can be worn outside of the gym, but running shoes are required for some of the activities.
6) Pack sunglasses and a sun hat, as you will be outside some of the time.
7) Pack two snacks, for morning and afternoon, but please make sure there are NO PEANUTS in the snack.
   Science Rocks! is a peanut free camp.
8) Bring a water bottle that you can refill.

NOTE: Lunch is provided.

Dietary restrictions will be considered.

Nut Allergies: Lunches may come in contact with surfaces that contain nut traces. If your child has severe nut allergies, we recommend that you provide a lunch for your child.

PARENTS/GUARDIANS:
• Activities start promptly at 9:00 am
• Childcare before or after these hours is not provided
• If you anticipate being late, please call the phone # associated with your camp.
Questions? Email: sciencerocks@ufv.ca
