## Notes and Terms

Historical numbers in this year's Factbook may differ slightly from previous Factbooks due to (i) changes in data definitions or (ii) retroactive changes made to historical records.

**Age:** As of September 30th of the Fiscal Year.

**Continuing Education (CE):** Non-academic and non-trades programs or courses.

**Credential "None":** A program that does not grant a UFV credential.

**Domestic/International:** If a student pays international fees for part, or all, of a given Fiscal Year, they are counted as International in that Fiscal Year.

**Fiscal Year:** Unless otherwise stated, all data is for Fiscal Year, which runs from April 1 to March 31 of the following Calendar Year.

**FTE:** Full Time Equivalent student. This is calculated as recognized credits (or hours) divided by the appropriate program divisor. FTEs represent UFV's instructional activity converted to represent the number of students carrying a course load corresponding to normal progression in their program. To count for FTE purposes, a student course registration must have passed the stable enrolment date and be considered instructional activity as defined by the Ministry.

**Full Time/Part Time (FT/PT):** A student is Full Time in a Fiscal Year if the student generates at least 0.6 of an FTE; a student with less than 0.6 but greater than zero FTEs, is Part Time.

**Graduate:** A student who graduates from a UFV program. A student may be granted multiple credentials in a given year. Students graduate once a year in June and these graduates are attributed to the previous Fiscal Year. For example, June 2019 graduates are attributed to Fiscal Year 2018-19.

**Headcount:** A student is included in Headcount if the student generates positive FTEs.

**Indigenous Student, Self-Declared:** Students can self-declare as being Indigenous while studying at UFV. UFV does not require students to declare their status. On their application form, students may elect to self-declare as Aboriginal, First nations, Métis, or Inuit.

**New to UFV:** A student is New to UFV when the student first generates a positive FTE at UFV in a non-CE term. New to UFV is set only once for each student.

**Registration:** A single student enrolment in a course that generates any FTEs.

**Returning to UFV Student:** A student is Returning to UFV if the student has previously generated FTEs at UFV, in a non-CE term.

**Unduplicated Headcount:** Each student is counted only once; a student is not counted as a member of multiple groups.

# Section 1: Student Headcount

## 1. Unduplicated Headcount by Student Type

	2018-19	2019-20	2020-21	2021-22	2022-23	2023-24
Student Type						
Domestic	13,042	13,324	12,369	12,858	12,364	13,056

Note: A New Student to a credential is one who is enrolled in the credential for the first time.

A Returning Student to a credential is one who was enrolled in the credential in a previous term.

This table is not unduplicated since students may have multiple credential types in a given fiscal year,

or in a given semester, which can be a result of simultaneous CE and academic terms.

## **Section 9: Research and Graduate Studies**

Research at the University of the Fraser Valley is firmly integrated with teaching, providing highly valued applied learning opportunities for students, developing partnerships with stakeholders of our region, and providing value to governments, industry, and communities. Research is primarily led by faculty members to enable them to remain at the cutting edge of their discipline to inform their teaching and provide high impact mentorship for the student research assistants. Research continues to focus on high priority areas of the region including agriculture, health, sustainability, reconciliation, and economic development, to name but a few key areas of study.

Overall, the total value of research funds received exceeded \$5.2 million which was used to support direct costs of research, salaries of research personnel, and the creation of research infrastructure. The total annual research funds received have increased by 47% over the past four years. The 48 new grants and contracts awarded in 2023-2024 is an increase of 45% in the number of new awards (33) in 2020-2021. Note that some grants and contracts are multi-year projects, and the total project funding may not be received by UFV in the first year of the project but spread over the duration of the grant period.

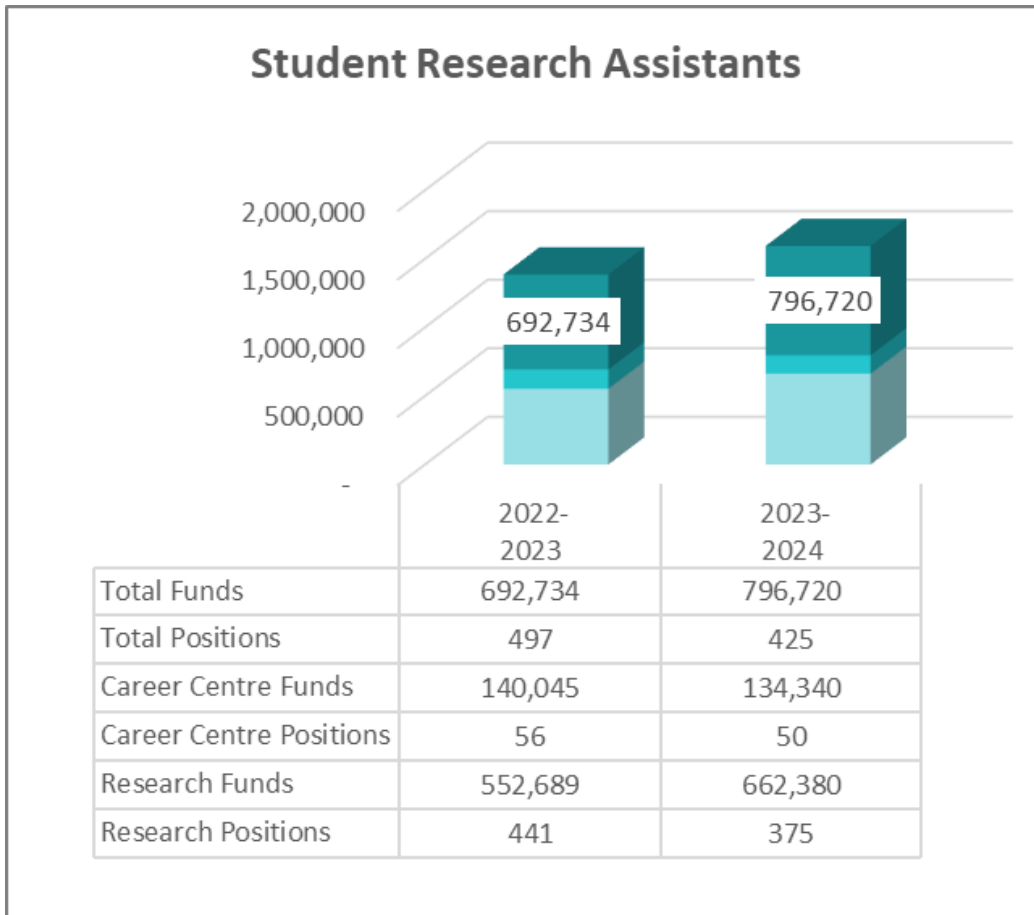

Table 1:

A majority of the funding was generated through our 14 research centres and institutes and five research chairs. The funding was used to support 425 undergraduate student research assistants for a total of \$796,720 (Table 2), six post doctoral fellows, and 92 student research awards worth a total of \$95,620. UFV offered 160 undergraduate research courses with enrollments of 2156 students that received training in research methods or included an active research component as a learning activity.

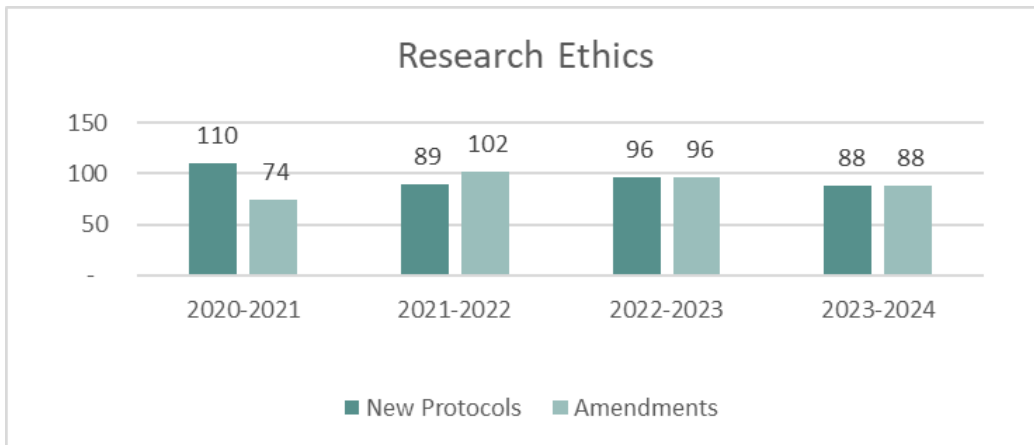

Table 2:

There were 176 research projects that required either new research ethics protocols or amendments.
